How long does it take to change a life?

When a car crash takes my baby brother on a warm summer night, it tears my world apart.

One moment I have a family that loves me, and the next, my mother fills the void inside her with booze while my father blames me for all his problems.

At eighteen, the only thing holding me together is my love of the guitar. Until a tragic accident shatters my dream of attending Julliard, and my life is turned

upside down all over again.

Now I must fight my way through the darkness back to the music that healed me. But just as I find solace in both an unexpected romance and an unlikely friendship, I discover a secret, buried in heartache and lies. One that threatens to change everything.

So, how long does it take to change a life?

One. Single. Moment.
