Lips red as rubies, hair dark as night. Drink your true love's blood, become the Vampire, Snow White. Every thousand years the vampire queen selects a new body, always the fairest in the land, and this time she's chosen Snow White.

Snow White lives in Salem, Massachusetts with her dad, stepmother, and her cat, Gatsby. Her entire life she's been teased for her fairy tale name, and the fact that her seven best friends happen to be guys whose names begin with the same letters as the seven dwarves.

Everything changes two months before her sixteenth birthday. She's bitten by The Hunter, and transformed into a revenant—not quite human, not quite vampire.

Originally the Blood and Snow series was written in a serialized format. A few years later, I grouped them together. Then I updated them and re-released under a new series title: The Seven Magics Academy. But since I receive at least two emails a week asking where to buy one of the original serialized versions, I'm republishing them. Please be aware these aren't new and they are serialized, which is why each volume is just .99 cents.
