Spiti Valley: The Land of Rugged Beauty

One of the most remarkable cycling destinations in the Himalayas is the Spiti Valley, situated in the Indian state of Himachal Pradesh. With its rugged beauty, unique Tibetan culture, and remote monasteries clinging to steep cliffs, Spiti Valley is a haven for cyclists seeking an off-the-beaten-path adventure. Embark

on a multi-day cycling trip through this enchanting valley, and you'll be rewarded with awe-inspiring views and a sense of accomplishment like no other.

Cycling Challenges That Test Your Limits

Embarking on a cycling adventure in the roof of the world is not for the faint-hearted. It requires physical endurance, mental resilience, and a deep passion for exploration. However, it's precisely these challenges that make the journey so rewarding and unforgettable.

Conquering the Khardung La Pass

The Khardung La Pass, located in Ladakh, India, is often referred to as the highest motorable pass in the world. With an elevation of 5,359 meters (17,582 feet), this pass tests the limits of even the most experienced cyclists. Battling thin air, steep ascents, and unpredictable weather, reaching the top of Khardung La is a monumental achievement that will stay with you forever.

The Joy of Cycling Misadventures

While the rewards of cycling adventures are undoubtedly immense, it's the misadventures that often become the most cherished memories. From unexpected encounters with wildlife to navigating treacherous terrains and facing inclement weather, each misadventure is an opportunity for personal growth and resilience.

A Night under the Stars

Imagine cycling through the remote valleys of the Himalayas and finding yourself in a situation where you have to set up camp for the night due to unexpected delays. As the sun sets, the sky transforms into a celestial masterpiece, with millions of twinkling stars dotting the darkness. With nothing but the sound of

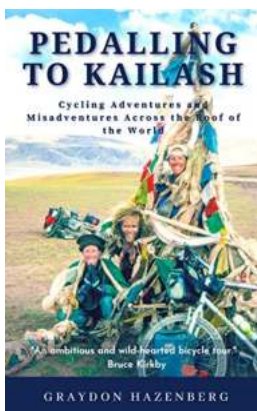

nature whispering around you, this impromptu camping experience becomes a magical moment that embodies the essence of an adventure.

The Perfect Cycling Adventure Awaits

Whether you're an experienced cyclist seeking the ultimate challenge or a novice adventurer looking to push your limits, cycling across the roof of the world offers an unparalleled experience. From the mesmerizing beauty of the Himalayas to the unexpected thrill of misadventures, this is a journey that will ignite your sense of exploration and leave you with memories to last a lifetime.

Embark on Your Own Cycling Adventure Today

Now is the time to turn your cycling dreams into reality. Gather your gear, plan your route, and venture into the heart of the Himalayas. Uncover hidden valleys, conquer towering peaks, and immerse yourself in the fascinating cultures that call this region home. Cycling adventures and misadventures across the roof of the world are waiting for you!

In 1998, Graydon Hazenberg, his sisters and their partners set off on a youthful quest. Seduced by the romance of the loftiest peaks on earth and a road claimed to be the world's highest, they pedalled out of Islamabad, Pakistan headed for Tibet's holiest mountain, the pilgrimage site of Mt. Kailash. Had they known how hard it would be on their equipment, their bodies and their willpower, they might have thought twice.

Calling themselves the Xtreme Dorks, the five cyclists pedalled, pushed and hiked their way around, over and through the world's highest mountain ranges. For three months they persevered despite a frequent lack of food or anything resembling a real road. They followed in the footsteps of previous pilgrims, explorers and mountaineers, passing through remote valleys and wind-scoured plateaux. Along the way they had the privilege of meeting members of some of the cultures that call the Roof of the World home: the Pakhtuns of the Northwest Frontier; the Kalash people of Chitral; the Baltis living around K2; the longlived Hunzakut; the Kyrgyz, Tajiks and Uighurs of western Xinjiang; and the dokpa nomadic herders inhabiting western Tibet.

It was not a straightforward journey. Plagued by frequent equipment failures, recurrent illness, abysmal road conditions and efforts by the Chinese Public Security Bureau to stop them cycling to Tibet, it required real determination to keep the pedals turning in the direction of Kailash. Initial exuberance gradually acquired some of the resolve shown by hardy Tibetan and Hindu pilgrims as the Dorks approached the far-off mountain with glacial slowness. Even once they had reached Kailash and nearby Lake Manasarovar, their troubles were not over, as their onward travel by vehicle towards Lhasa proved every bit as challenging as cycling had been.

Graydon Hazenberg has taken the account of this long-ago pilgrimage and brought it to life in the present, interweaving it with stories of the history and culture of the places encountered along the way. The result is a compelling tale that will entertain seasoned adventurers, cycle tourists, history buffs and armchair travellers of all descriptions. As John Keay, the distinguished British writer of numerous books about the Indian subcontinent's history, says of Pedalling to Kailash, "It was a brutal marathon, but it makes for an engrossing read."
