Are you looking for a unique vacation destination? Are you looking for that Mediterranean laid-back lifestyle or maybe a little outdoor adventure on a magnificent coastline? Look no further than Croatia!

Croatia? Yes, really!

Croatia today is a free, modern, and democratic state, a full member of the European Union. On July 1, 2013, Croatia became the 28th member state of the European Union.

Croatia is my home, my life. I was born here, but I chose to stay and raise my family here. I know for a fact this would be the most interesting holiday destination you could ever imagine!

The Beauty of Zagreb, the Capital City

I lived in Zagreb for a long time, where I was educated, studied, experienced my first love and my first drunkenness. Zagreb is a city with a heart that has long attracted tourists from all over the world. Here you will experience the breadth of Central European architecture whose inhabitants walk with their heads held high because they know they have nothing to be ashamed of. The center of Zagreb is always full of people. Step by step. Stop, talk to a passerby, have a coffee, and - move on! In the break between the two obligations, to wait for a friend or “read” the faces of passersby, in Zagreb’s street cafes and the relaxation of pedestrian zones, you will discover why they call it a city with a soul.

Did you know....?

The world-famous inventor Nikola Tesla was born in Croatia in Smiljan (Lika), and here you can visit the Nikola Tesla Memorial Center, which is open to the public.

And...

Croatia, together with Spain, has the most significant number of UNESCO intangible assets of any European country.

You will learn this and more in my book, all about visiting Croatia!

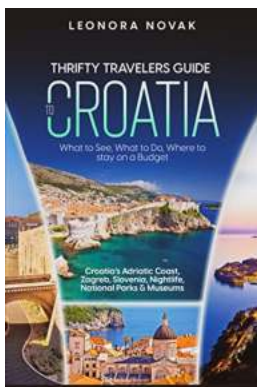

My book is full of other advice and travel ideas to help you plan your next exotic and interesting vacation to Croatia.
