A fun, engaging and highly practical read. Filled with tips and advice for teaching abroad.

Based on insights and stories from teachers already enjoying the international adventure - their advice, the highlights they've enjoyed, and the mistakes they've made - the book is enchantingly personal.

Written in plain English and filled with easy to follow advice, the book covers:

- What international schooling is, what makes these schools different, and why you should care.
- How to get the 'best' jobs (and how to get promoted).
- The qualifications you'll need and the 'red flags' to look for in contracts.
- The skills you need to teach internationally (and what Heads ask about at interview).
- Third culture kids and global citizenship (and why they matter).
- Culture shock and how to survive it.
- Travelling with kids (and advice for non-teaching partners).
- What to expect, what to avoid, and how best to embrace the international adventure.
- Safeguarding and wellbeing.

Across 400 pages, containing the collected wisdom of hundreds of teachers and school leaders, the book is exceptional value - saving you time, mistakes, mishaps, and money.

The move to teaching overseas is one of the biggest, and most exciting, career transitions and life adventures many teachers ever make. This book will make sure you get the most out of the journey.
