Valentine's Day, also called Saint Valentine's Day or the Feast of Saint Valentine, [1] is an annual holiday celebrated on February 14. Originating as a Western Christian feast day honoring one or more early saints named Valentinus, Valentine's Day is now recognized as a significant cultural, religious, and commercial celebration of romance in many regions around the world, although it is not a public holiday in any country. Several martyrdom stories associated with the various Valentines that were connected to February 14 were added to later martyrologies,[2] including a popular hagiographical account of Saint Valentine of Rome which indicated he was imprisoned for performing weddings for soldiers who were forbidden to marry and for ministering to Christians, who were persecuted under the Roman Empire. According to legend, during his

imprisonment, Saint Valentine healed the daughter of his jailer, Asterius,[4] and before his execution, he wrote her a letter signed "Your Valentine" as a farewell. Saint Valentine's Day is an official feast day in the Anglican Communion and the Lutheran Church.
