- **Tire Pressure:** Keep tabs on tire pressure and maintain it within the recommended range for optimal performance and safety.
- **Regular Cleaning and Lubrication:** Clean your electric bike regularly and lubricate the chain to prevent dirt buildup and ensure smooth operation.
- **Check and Adjust Brakes:** Regularly inspect and adjust the brakes to ensure they are functioning effectively.
- **Secure Locking:** Invest in a sturdy lock to deter theft and secure your electric bike when parked or unattended.
- **Wear Safety Gear:** Always wear a helmet and consider additional safety gear such as reflective clothing and lights, especially when riding at night or in low-light conditions.
