Print length : 416 pages

Additionally, online Kaplan test prep provides a comprehensive curriculum. From SAT and ACT to LSAT and MCAT, Kaplan covers a wide range of exams. Their courses are designed by experts who understand the intricacies of each test and know what it takes to succeed.

Features of Online Kaplan Test Prep

Kaplan offers a variety of features to ensure that students receive the best possible preparation for their exams. Here are some of the standout features of their online test prep courses:

1. Interactive Lessons

Online Kaplan test prep provides interactive video lessons that engage students and make learning enjoyable. These lessons are designed to break down complex concepts into easily understandable modules. With colorful visuals and interactive quizzes, you can actively participate in your learning process.

2. Personalized Study Plan

Kaplan understands that every student is unique, with different strengths and weaknesses. That's why their online test prep courses offer personalized study plans. Based on your diagnostic test results and your goals, Kaplan creates a tailored study schedule that maximizes your learning potential.

3. Practice Tests and Quizzes

Practice makes perfect, and Kaplan's online test prep provides ample opportunity to practice through simulated exams and quizzes. These practice tests help you

familiarize yourself with the format and structure of the actual exam. You'll also receive detailed score reports and explanations to identify areas for improvement.

4. Expert Instructors and Tutoring

Online Kaplan test prep courses give you access to expert instructors who have mastered the exams themselves. They provide live online sessions and answer your questions, helping clarify any doubts you may have. Moreover, if you need more one-on-one assistance, Kaplan offers tutoring options tailored to your specific needs.

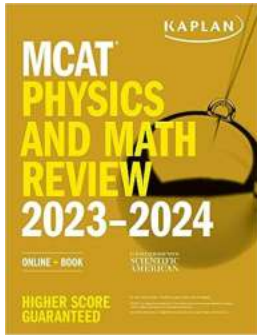

Success Stories

Countless students have achieved remarkable results with online Kaplan test prep. Take the case of Jane, a high school student who aspired to attend a top-tier university. With the help of Kaplan's online SAT prep course, she was able to increase her score by 300 points, securing admission to her dream college.

Another success story is Mark, a pre-med student preparing for the MCAT. Through online Kaplan test prep, he improved his score by an impressive 10 points, allowing him to get accepted into the medical school of his choice.

Online Kaplan test prep offers students a comprehensive and flexible approach to exam preparation. With their interactive lessons, personalized study plans, practice tests, expert instructors, and numerous success stories, Kaplan has become synonymous with excellence in test prep. Don't let exams intimidate you; enroll in online Kaplan test prep today and take the first step towards mastering your exams!

Kaplan's MCAT Physics and Math Review 2022–2023 offers an expert study plan, detailed subject review, and hundreds of online and in-book practice questions—all authored by the experts behind the MCAT prep course that has helped more people get into medical school than all other major courses combined.

Prepping for the MCAT is a true challenge. Kaplan can be your partner along the way—offering guidance on where to focus your efforts and how to organize your review. This book has been updated to match the AAMC's guidelines precisely—no more worrying about whether your MCAT review is comprehensive!

The Most Practice

- More than 350 questions in the book and access to even more online—more practice than any other MCAT physics and math book on the market.

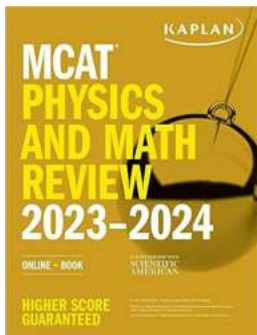

The Best Practice

- Comprehensive physics and math subject review is written by top-rated, award-winning Kaplan instructors.

- Full-color, 3-D illustrations from Scientific American, charts, graphs and diagrams help turn even the most complex science into easy-to-visualize concepts.
- All material is vetted by editors with advanced science degrees and by a medical doctor.
- Online resources, including a full-length practice test, help you practice in the same computer-based format you'll see on Test Day.

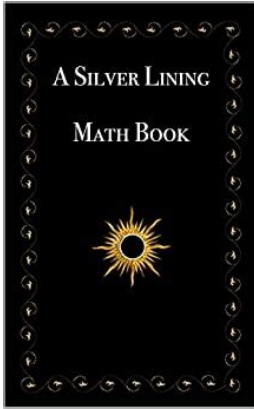

Expert Guidance

- High-yield badges throughout the book identify the top 100 topics most tested by the AAMC.
- We know the test: The Kaplan MCAT team has spent years studying every MCAT-related document available.
- Kaplan's expert psychometricians ensure our practice questions and study materials are true to the test.
