Speak meets Black Swan in this stunningly dramatic debut novel

All that drama, plus pointe shoes? Yes, please: this is one book that's bound to make a splash

Theo is better now.

She's eating again, dating guys who are almost appropriate, and well on her way to becoming an elite ballet dancer. But when her oldest friend, Donovan, returns home after spending four long years with his kidnapper, Theo starts reliving memories about his abduction—and his abductor.

Donovan isn't talking about what happened, and even though Theo knows she didn't do anything wrong, telling the truth would put everything she's been living for at risk. But keeping quiet might be worse.
