What is populism? Is communism the same in China and Cuba? What makes a democracy? If you're not sure, this is the book for you! Look inside to find out why politics matters, and how its ideas shape our world.

How do ideas make the world go round? What is populism? What are the political left and right? What's the difference between capitalism and communism, or

democracy and dictatorship? Who really holds the power? Can everyone have freedom of speech? And what does all this mean for you?

Find out the answers in this book, which unpacks the complicated language and often messy world of politics.

Politics is... looks at the beliefs of political thinkers, leaders, and activists from around the world, covers the key branches of government, and examines authority. While focusing on contemporary issues, the book also traces the history of politics. It explains the ideas and "-isms" that shape our world as well as investigating the role of external factors, such as protest and the media, in political decision-making.

Whether you're studying politics or not, if you're not sure whether politics matters or why your vote counts, get your hands on this thought-provoking book--it defines the big ideas you need to know and provides inspiration for analyzing, interrogating, and changing your world.
