A princess fleeing an arranged marriage teams up with a snarky commoner to foil a rebel plot in B. R. Myers' Rogue Princess, a gender-swapped sci-fi YA retelling of Cinderella.

Princess Delia knows her duty: She must choose a prince to marry in order to secure an alliance and save her failing planet. Yet she secretly dreams of true love, and feels there must be a better way. Determined to chart her own course, she steals a spaceship to avoid the marriage, only to discover a handsome stowaway.

All Aidan wanted was to "borrow" a few palace trinkets to help him get off the planet. Okay, so maybe escaping on a royal ship wasn't the smartest plan, but he never expected to be kidnapped by a runaway princess!

Sparks fly as this headstrong princess and clever thief battle wits, but everything changes when they inadvertently uncover a rebel conspiracy that could destroy their planet forever.
