In this fast-paced romance that combines flirty fun and situational comedy, a spunky heroine must navigate secret crushes, high school hijinks, and of course, Shakespeare.

Understudies never get to perform...which is why being Juliet's understudy in the school's yearly Shakespeare production is the perfect role for Emily. She can

earn some much-needed extra credit while pursuing her main goal of spending time with Wes, aka Romeo, aka the hottest, nicest guy in school (in her completely unbiased opinion). And she meant to learn her lines, really, it's just:

- a) Shakespeare is HARD,
- b) Amanda (the "real" Juliet) makes her run errands instead of lines, and
- c) there's no point, since Amanda would never miss her chance to be the star of the show.

Then Amanda ends up in the hospital and Emily, as the (completely unprepared!) understudy, has to star in the most famous scene from Romeo and Juliet opposite the guy of her dreams. Oops?
