The Mothers of Mariah Stark's Coven insist she possesses an evil power.

Mariah's attempts to pull flowers from the Earth or heal injuries result in killing fields of crops and scorching flesh instead.

Called away by a prophecy, the young witch learns she must cloak her magic to protect her Sisters and their secret. But despite her best efforts, Mariah fails at maintaining a low profile in Wicker Creek, North Carolina. Now, as Mariah navigates her senior year of high school, vicious town darling Shelley Stallings and her minions seek to reveal Mariah for the witch they believe her to be. Such exposure could ruin the magical world—if Mariah doesn't destroy it first.

Struggling to cope with his father's death, he abandons his passions for swimming and sketching and seeks solace in drugs, pissing away his chances at graphic design school as he lashes out at the people who love him most. His tunnel-vision blinds him—so he never sees Mariah coming.

What follows is a cycle of fated encounters. Mariah's powers soften as she grows closer to Finn, and she wonders: is he destined to save her from her ravenous inner darkness? And Mariah reminds Finn of who he used to be and the future he might pursue.
