## **The First Ice Breaker Secret Recap**

In our previous article, we unveiled the first ice breaker secret - confidence. Confidence is key to approaching women with ease and capturing their interest. However, even with confidence, initiating conversation can still feel daunting. This is where the second ice breaker secret comes into play.

## **The Second Ice Breaker Secret: The Sneaky System**

The second ice breaker secret is a unique and effective system that involves leveraging situational cues to initiate conversations. It taps into the natural flow of everyday interactions, making it easier to start a dialogue without feeling awkward or intrusive. This sneaky system takes advantage of the surrounding environment to create a smooth transition into engaging with women.

To successfully implement this system, active observation and quick thinking are essential. By paying attention to your surroundings, you can identify opportunities for opening lines and captivating ice breakers. It could be noticing something about the environment, spotting a shared interest, or even using a playful comment to grab her attention.

For example, if you find yourself standing next to a woman at a coffee shop, you can use the situation to your advantage. Make a lighthearted comment about the aroma of the coffee or ask for a recommendation on the best brew. By focusing on the present moment and using situational cues, you can effortlessly spark a conversation and keep it flowing.

## **The Power of Genuine Interest**

While the second ice breaker secret involves a sneaky system, it is crucial to approach conversations with genuine interest. Women can easily sense when someone is being insincere or using tactics solely for the sake of starting a conversation. Building a connection based on authenticity and mutual curiosity is the foundation for meaningful relationships.

When engaging in conversation, actively listen to what the woman is saying. Show genuine curiosity and ask open-ended questions to encourage her to share more about herself. By displaying a sincere interest in getting to know her, you create a memorable experience and demonstrate your ability to establish a meaningful connection beyond surface-level small talk.

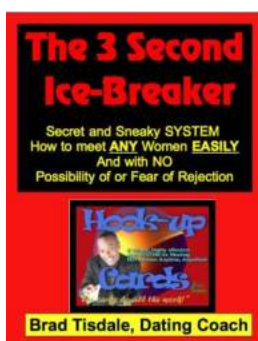

## **Practice Makes Perfect**

As with any skill, mastering the second ice breaker secret requires practice. The more you implement this system, the more natural and effortless it becomes. Remember that not every ice breaker will yield the desired response, and that's okay. Learn from each interaction, adjust your approach, and keep honing your conversation skills.

Additionally, it's important to respect boundaries and understand that not every woman is open to being approached at any given moment. Pay attention to non-verbal cues that may indicate disinterest, and always be mindful of personal

boundaries. Consenting and respectful interactions are paramount when meeting women with the second ice breaker secret.

The second ice breaker secret is a sneaky system designed to help you effortlessly meet women and initiate captivating conversations. By leveraging situational cues and genuine interest, you can break the ice with ease and establish meaningful connections. Remember, practice makes perfect, so get out there and use this secret to transform your dating life!

Brad Tisdale, renowned Dating Coach is breaking new ground with this groundbreaking book. He is exposing some of his closely guarded secrets that will take the art of the approach and the art of finding, meeting and actually getting hot women to an entirely new level. He is giving readers a complete,

effective and proven "system" that will take your game to the next level and beyond.

Brad has a SYSTEM that is completely unlike ANYTHING that you may have ever seen, heard or heard of. It is the Jedi trick of the hookup game. It is game x10. Light years beyond the ordinary tricks and approaches that the dating guru's are teaching.

The great thing is that although Brads system is much MUCH more effective than ANYTHING that you've ever seen or ANYTHING that is currently being taught by ANY dating guru or dating coach at ANY of their high-priced seminars, events, workshops or coaching classes ...it is actually much MUCH simpler ...EASIER and just FAR more effective than anything you've ever seen.

I do realize that sounds like a LOT of hype. THAT is why Brad is willing to prove it with this simple but POWERFUL book. You will get EVERYTHING that you need to make this work and start using this system.

You will learn:

EXACTLY what this system is ...and is not

EXACTLY - WHY this system works so much better than anything else

EXACTLY - WHY it is almost impossible for you to screw this up IF you merely follow the instructions

EXACTLY - WHY this could potentially work with ANY single woman

EXACTLY - WHY it will be literally IMPOSSIBLE for her to reject you and how this knowledge alone will empower you to approach women whom you'd never had the courage or felt the timing or opportunity to approach before.

You will learn exactly WHY you can begin meeting women, getting their phone numbers etc within just 3 seconds. LITERALLY 3 seconds is all that you need.

WHY? ...Because you'll be using the Hookup Cards approach ...taking your dating game to the next level.

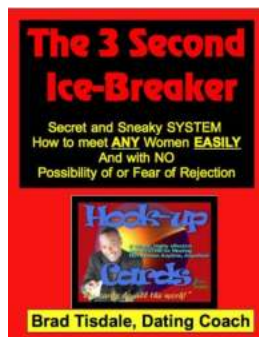

Want a "date" for this weekend? Tomorrow? Today? The next hour from now? You can do it with this approach.

The astounding thing about this ...and one of the secrets of this proven system is that it takes all of the power away from the hot women and gives it to YOU. That's right ...with this approach YOU will always be in control ...and she will know it. You won't have to chase her ...and she'll know it. In fact ...you'll see have these hot women chasing YOU. That's right. They WILL chase ...literally or figuratively CHASE you down, call you, play phone tag if need be and keep calling you back again because YOU will become the source of what she needs/wants.

The brilliant thing about THIS is that her initial attraction ...or lack thereof is completely irrelevant in the beginning. That's right. You should always make your best first impression ...that IS important but ...her reason for "chasing" you will have absolutely NOTHING to do with rather or not she is even remotely interested or attracted to you initially.

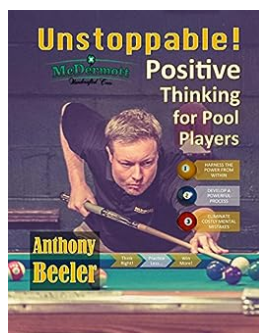

It's not about YOU perse ...it's about the CARDS ..the unique, compelling powerfully effective HOOKUP CARDS that this book will introduce you to. Even the hottest women will NOT be able to resist the urge, need, desire to call the phone number listed on the cards ...that phone number will ultimately lead to YOU ...and then YOU will use that opportunity to smoothly and systematically create ATTRACTION ...without even appearing to be trying to do so.

The main REASON that this system works so well is that all you're doing is setting up a system that will give you a unique excuse and reason to approach ANY woman in ANY situation safely and in a way that the fear of rejection will be the thing of the past ...for YOU. ...And a new concern ...for HER. That's right! She'll NEED to impress you ..and she'll KNOW it. This shift of power will make all that you do so much easier as you work your GAME!
