This manual provides the fundamental principles and guidelines for employment of CSGs, CSBs, and subordinate elements. It includes tactics, techniques, and procedures which CSG and CSB staffs may implement in coordinating arm, fuel, fix, move, and soldier support missions within the context of a fluid, integrated

battlefield. It describes forward and rear CSGs, to include their missions, organization, and employment. It also covers the missions, organization, and employment of CSBs, and describes their HHD in detail. Since other publications cover the rear CSG's functional battalions, only general coverage is provided on those battalions.
