

The Violent Outburst That Drew Me To You: A Tale of Love and Chaos

Love is a complex emotion that can lead us down unexpected paths. It can transform us, making us question our convictions and pushing us to the edge of reason. It was precisely this love that drew me to you, through a violent outburst that forever changed our lives.

The story begins on a cold winter night, the air thick with tension as we found ourselves standing face to face amidst a raging storm. The rain poured down mercilessly, mirroring the turmoil in our hearts. Our relationship had always been passionate, but this time, it had escalated to a dangerous level.

I could see the anger in your eyes, a fire burning out of control. It was as if you were possessed by a force beyond comprehension, and in that moment, I was simultaneously terrified and captivated. There was a part of me that yearned to understand the depths of your emotions, to be a part of your chaos.

As the thunder roared and lightning split the sky, you unleashed your fury upon the world. Every word was an accusation, and every gesture a threat. The intensity of the situation was overwhelming, yet I couldn't tear my gaze away. There was something intoxicating about the raw vulnerability that lay beneath your anger.

While many would have run, seeking safety in the familiar comfort of distance, I found myself drawn to you like a moth to a flame. It was in that moment that I knew we were destined for something greater, though what that greater purpose entailed, I had yet to comprehend.

In the aftermath of the storm, as the rain slowly subsided, we found ourselves standing on the precipice of a revelation. The violent outburst had acted as a catalyst, shattering the illusion of our once perfect love. It was in that shattered state that we truly saw each other, stripped of all pretenses and societal expectations.

Together, we began to rebuild our relationship from the ashes. We delved deep into the darkest corners of our souls, confronting the demons that had driven us to that breaking point. It was messy and painful, but it was also profoundly beautiful in its honesty.

Through the chaos, we discovered a depth of love that transcended the traditional boundaries of romance. It was a love borne out of understanding, empathy, and shared experiences. We no longer feared the volatility that resided within us, for we had learned to embrace it as a part of who we were.

As time passed, our chaotic love story began to unfold into something extraordinary. We found solace in our shared madness, knowing that our love

was a force to be reckoned with. People looked at us with a mixture of curiosity and awe, unable to comprehend the turbulent passion that fueled our connection.

There were times when our love took center stage in destructive ways, just like that fateful night of the violent outburst. But with every storm, we emerged stronger, our love weathering the trials and tribulations that life threw our way. We became a manifestation of the quote, "The greater the storm, the brighter the rainbow."

Our journey was far from traditional, but it was real. It taught us that love is not always gentle; sometimes, it rages and tears through everything in its path. It taught us that two flawed individuals can come together and create something extraordinary, something that defies societal norms and expectations.

So here we are, standing at the precipice of a love story unlike any other. Our hearts forever intertwined, carrying the scars of our violent outburst as a reminder of the love that lies beneath the chaos. We no longer fear the storms that come our way, for they have become the very essence of what brought us together.

Our love is not for the faint of heart, but for those willing to embrace the beauty within the chaos. For it is within that chaos that we find raw, unfiltered love. It is within that chaos that we find ourselves.

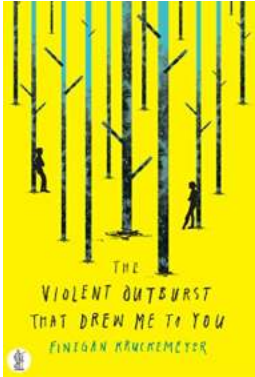

And so, dear reader, I implore you to embrace the violent outbursts that draw you to love, for within that chaos lies a love story that will resonate within your soul for eternity.

Sixteen-year-old Connor is angry. He doesn't know why, and he doesn't know where to direct it. People and things he once liked annoy him. His parents, his best friend, his once-cool uncle now officially suck. Then, the outburst. Connor is dropped in a forest ... for a week ... by himself ... to calm down. But his anger has travelled with him.

Then a girl called Lotte walks into the woods.

And she is angry too ...

From Inaugural Sydney Myer Creative Fellowship recipient Finegan Kruckemeyer comes this smart, sweet and fiery tale about two offbeat kids who, at war with the world, find a moment's peace with each other. It's a reminder of the impatient impulse in all of us to kick and scream at the universe, and the equally impatient impulse to lie in a forest glade and plan for the future.
