It is a world where every step holds the potential for discovery, where each breath is filled with the intoxicating scent of exploration, and where the innermost desires of the human spirit can finally find fulfillment.

Chasing the Unseen

The adventurers who dare to venture to the edge of the world are not driven solely by the lure of adrenaline. Their pursuit is more profound, fueled by an insatiable desire to chase the unseen. They seek to unearth the mysteries that lie beneath the surface of the vast oceans, to traverse uncharted terrains and scale unscalable peaks in search of a higher truth.

It is a place where introspection and self-discovery seamlessly merge with the thrill of venturing into the unexplored.

In these vast landscapes untouched by human hands, the noise of civilization fades away, and a deep sense of tranquility takes over. Here, adventurers find solace in the simplicity of their existence, far away from the complexities of modern life.

Confronting Challenges, Embracing Triumphs

To the edge of the world, adventurers must confront a myriad of challenges that test their physical, mental, and emotional strength. Unforgiving terrains, extreme climates, and isolation from the comforts of civilization become companions on their journey, forcing them to dig deep within themselves to find the resilience needed to overcome the obstacles that lie in their path.

Yet, it is in the face of these challenges that triumphs are born. The euphoria of conquering the unconquerable, the pride in achieving what was once deemed impossible, and the unbreakable bonds formed amongst fellow adventurers are

all rewards that await those who dare to embark on such remarkable expeditions. The edge of the world becomes a fertile ground for personal growth, where individuals push beyond their perceived limitations and learn the true extent of their capabilities.

My name is Anastasia. The history books say I died. They don't know the half of it.

Anastasia “Nastya” Romanov was given a single mission: to smuggle an ancient spell into her suitcase on her way to exile in Siberia. It might be her family’s only salvation. But the leader of the Bolshevik army is after them, and he’s hunted Romanov before.

Nastya’s only chances of saving herself and her family are either to release the spell and deal with the consequences, or to enlist help from Zash, the handsome soldier who doesn’t act like the average Bolshevik. Nastya has only dabbled in magic, but it doesn’t frighten her half as much as her growing attraction to Zash. She likes him. She thinks he might even like her.

That is, until she’s on one side of a firing squad . . . and he’s on the other.
