An NFL Team Rescues the Future from the Tyranny of Technology.

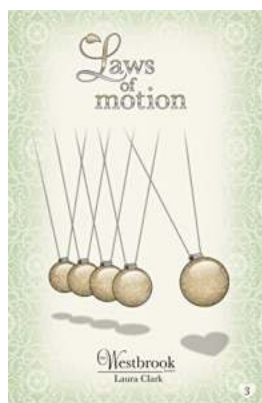

ULTRA BOWL is an adventure fable about the dangers of our Digital Age and the dystopian future toward which we may be heading.

Flying home from the Super Bowl, the New York Knights are "time-napped"--transported 100 years into the future, where the global balance-of-power is decided in a football game played by robots.

The Knights have been "drafted" to play for the United States in the Ultra Bowl, unaware that they are expendable pawns in a brilliant technocrat's diabolical plot to rule the world.

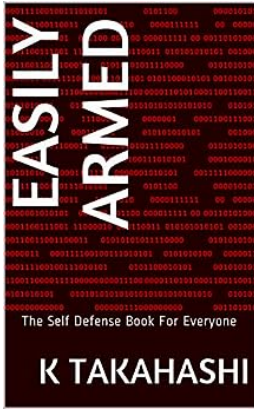

Despite insurmountable odds, the Knights embark on this suicide mission for the heart of a beautiful woman, the soul of a young boy and the humanity of an entire world.

In this epic struggle between man & machine, a football team from the past valiantly attempts to rescue the future from the tyranny of technology.
