I've spent nearly the last decade as a professional entrepreneur and businessman in Medellín, Colombia. It's a place my clients and most foreigners know as a hedonistic fantasy; filled with the best girls, the best drugs, and the best parties. And as a man, I'm guilty of some of the most hedonistic pleasures that you can fantasize.

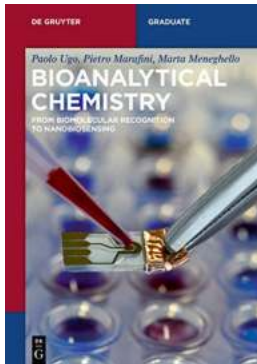

But I want to introduce you to another side of Colombia. It's a side most foreigners don't know... a place we call the Jungle. Here you're either a predator, or you're prey. And only the strongest survive and make it to the top, be it in business or in life.

I want to take you on a journey of the mind to where fantasy meets reality. I'll show you the reality of living and doing business in Colombia, and how I lost everything in a most spectacular knockout that left me face down on the canvas.

This is the story of what it feels like to hit rock bottom, and what it takes to get back up and conquer after failure and defeat. I'll share with you the gift and the

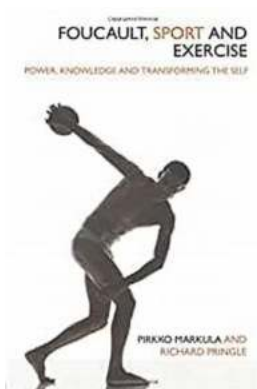

course of being an entrepreneur, and what it takes to survive in a jungle full of wolves. I'll show you the process of how I build a global brand, and the principles I've learned along the way to mastering the Art of Impossible.

So step into the mist of the Colombian Jungle and let me introduce you to the Mustang Salvaje (Sal-vah-hey).
