Why story format?

Because scientific studies show that we learn up to twice as quickly through reading stories.

As you flick through the pages you will follow Sue as she travels to Spain for the very first time, unable to speak a word of Spanish. Each day Sue encounters a new situation where she needs to learn new Spanish phrases. The exciting and entertaining story will keep you engaged right until the end by which time you will have learned everything that you need to know to experience the joy of being able to communicate in a new language.

Imagine yourself walking into a restaurant and being able to book a table in Spanish, request a menu, order some wine or beer and ask for the bill!

Or, being able to purchase two return train tickets, book yourself into your hotel, ask directions ... the list goes on. Knowing these essential holiday phrases will help you connect with the locals on a completely new level, not to mention how it will impress your friends and family.

At the back of the book you will find a really handy reference section. Simply turn to the page that relates to your situations, whether it's in a shop, in the hotel, at the bar or any of the 28 different situations you are most likely to find yourself in.

'This book is brilliant. What I love the most is the unique way it teaches you Spanish. The story format makes it very easy to read. It covers all the basic you need to know to enjoy your holiday. I would definitely recommend it to anyone'
