Includes the complete 1,100-page Out of Time trilogy by Nadine Brandes in one ebook volume.

Book 1: A Time to Die

How would you live if you knew the day you'd die?

Parvin Blackwater believes she has wasted her life. At only seventeen, she has one year left according to the Clock by her bedside. In a last-ditch effort to make a difference, she tries to rescue Radicals from the government’s crooked justice system.

But when the authorities find out about her illegal activity, they cast her through the Wall -- her people's death sentence. What she finds on the other side about the world, about eternity, and about herself changes Parvin forever and might just save her people. But her clock is running out.

## Book 2: A Time to Speak

What happens when you live longer than you wanted to?

Parvin Blackwater wanted to die, but now she's being called to be a leader. The only problem is, no one wants to follow.

The Council uses Jude's Clock-matching invention to force "new-and-improved" Clocks on the public. Those who can't afford one are packed into boxcars like cattle and used for the Council's purposes.

Parvin and Hawke find themselves on a cargo ship of Radicals headed out to sea. What will the Council do to them? And why are people suddenly dying before their Clocks have zeroed-out?

## Book 3: A Time to Rise

What more can you sacrifice than your life?

Parvin Blackwater is dead.

At least that's what the Council—and the world—thinks. But her sacrifice tore down part of the Wall long enough to stir up hope and rebellion in the people. Now she will rise again. Strong, free, and fearless.

Parvin and Solomon must uncover the mysterious clues that Jude left behind in order to destroy the projected Wall once and for all. Meanwhile, the Council schemes to new levels of technology in its attempts to keep the people contained. Can a one-handed Radical and a scarred ex-Enforcer really bring shalom to the world?
