The legends reveal that the Solstice Gates are the ancient portals through which the divine beings cross from their celestial abodes into the mortal realm. However, during a time long forgotten, two mighty factions emerged: The Luminary Empire and The Nocturnal Dominion.

### The Rival Factions

The Luminary Empire is a symbol of enlightenment and order. Led by the benevolent Empress Seraphina, they seek to bring harmony and progress to all realms. The Luminary warriors possess angelic powers and wield weapons forged from celestial essence. They will stop at nothing to uphold justice and protect the realms from darkness.

The Nocturnal Dominion, on the other hand, embraces the shadows and revels in chaos. Their ruler, Lord Umbra, is a fearsome creature with unfathomable power. His followers, the Dominators, are sinister beings who draw energy from the void itself. They aim to plunge all realms into everlasting darkness, shrouding the firmament forever.

Prophecies foretold that only a chosen hero could tip the scales of this eternal war. That hero is said to possess the mysterious Celestial Key, an ancient artifact with unimaginable power. The Celestial Key is said to open a gateway to ultimate enlightenment or unleash devastation upon the realms.

The Luminary Empire and the Nocturnal Dominion seek the Celestial Key with relentless determination. Legends claim that it can be found deep within the Forbidden Archives, a sacred place guarded by formidable creatures and intricate puzzles. The path to the key is fraught with danger, but only those who possess the courage and wisdom to overcome these perils can hope to claim it.

She'd made her Shailma so small—so small indeed—when in fact, he was bigger than anything she could think of ... or ponder ... or consider ... or understand. Her mind could not grasp just how big Simeon was. He knew all things and was aware of all things; he was everywhere at all times.

Jennifer had no need to worry or fear or be concerned, yet she was all of those things. The oddest of all was that Simeon knew that his little one had found a new understanding of his bigness and that even though she was horribly afraid, she would keep going—not because of who she was, but because of who he was.

Suddenly, that became enough for her, and she found the courage required to battle the great dragon. Surely, defeating that dragon would release the souls of the ones Jennifer had fought so hard to free from the cure of the Trows.

Only time—and courage—held the answer to such a deep question.
